Dear Don & Vera:

Lynn and I are now safely back in New York, and we wanted to thank you for your extraordinary hospitality during our visit to Budapest. It was a special evening in many ways and was the highlight of our trip.

Please allow Lynn and I to return your hospitality when you are next in New York. I also want to conduct you on a tour of my new law office which I told you was the former executive office of the New York Central Railroad. I think you will get a great kick out of it. Perhaps afterward we can enjoy dinner at the Cafe des Artistes and visit your friend and my neighbor, George Lang.

Please let me know when you will be visiting.

With warmest personal regards.

Sincerely,

Manfred Ohrenstein
