Dear Vera and Donald:

How can I possibly thank you enough for all you did to make our visit to Budapest a memorable one?

--Had you permitted us to stay in your lovely Residence--it would have been enough.

--Had you taken us to the terrific Mahler Symphony in the wonderful Concert Hall--it would have been enough.

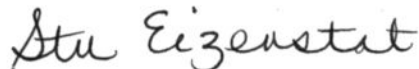

--Had you taken us to Gundel's--it would have been enough.

--Had you assisted our weekend tour of Budapest--it would have been enough.

--Had you arranged an extraordinarily full and fascinating program, including the President of Hungary, the Foreign Minister, and other leading officials, numerous press and TV interviews--it would have been enough.

The fact is you did all of these and more. We cannot thank you enough for the extraordinary friendship you displayed and hope in some way we can reciprocate.

Very truly yours,

Stuart E. Eizenstat  
Ambassador
