

RPR Delegation to Prague

Deputy Premier Petre Borila, head of the RPR delegation to the CSCP anniversary celebrations, in his speech stressed the close coincidence of the 40th anniversaries of the CS and Rumanian parties, calling them the twins of the Russian revolution who have collaborated with each other closely from the very beginning. Borila particularly mentioned the RCP's work in helping to mobilize Rumanian public opinion against the Munich Agreement of 1938. Although he also spoke of the 1960 Moscow Declaration and put in a routine bid for detente, disarmament and peace on the international scene, he made no mention of any ideological questions or problems.
