RUMANIA

ARMED FORCES

A gasoline dump is located near the railway line PI-TESTI-CURTES DE ARGES, behind the BOSCOV station and beyond the national road. Thousands of full barrels are stored there and at the BASCOV station. The gasoline is pumped into subterranean pipelines leading to the dump.

Thousands of gasoline barrels and tanks are also stored at the station.

DATE OF OBSERVATION: July 1951

EVAL. COMMENT: Source : fairly reliable;
Information: probably true.
