DATE OF OBSERVATION: Current period.

EVALUATION COMMENT: HRDY Rudolf was also referred to in Item No. 2355/53 in a similar way. He might be an ideal case for "Messages" program.

* * *

Rudolf HRDY, 45, until recently in the personnel department of CSPLO in PRAGUE, who is a well-known ardent Communist, has been appointed chief of the referate for the schooling of young boys who have been released from school and applied for CSPLO service.

HRDY who was during the Nazi era a convinced Nazi, stated himself among friends that one has to follow those who have the power if one prefers to live comfortably.

Because of his arrogant behavior he is exactly the wrong man for the abovementioned job. Even reliable Communists have this opinion, but as HRDY's influence in the Party is at present an important one, his bad qualities do not count in this case. HRDY starts in the course of the next weeks his new work.

End.
