BULGARIA

SISTANCE

derground and military

There are anti-Communist organizations in Bulgaria. But in these organizations only three people know each other. Their main aim is: to help those who are in prisons and concentration camps and their families; to obtain as much arms as possible; to prepare armed forces, and to be ready to act when needed. These organizations also send men to the mountains. There are guerilla groups in the Sliven, Kotel and Sredna Gora mountains. They used to descend to the villages and the peasants used to give them food and arms. The people sympathize with them and help them as much as they can.
