AK OFFICERS RELEASED FROM WRONKI PRISON

SOURCE STOCKHOLM: Confidential source.

DATE OF OBSERVATION: End of March 1956.

EVALUATION COMMENT: We are unable to ascertain the information about the release of AK members, but we know (from private sources) that the major, ex-head of the KROSNO AK group, served a life sentence at WRONKI prison. Ample information about inmates at WRONKI prison is to be found in RFE Item No. 11506/55.

+ + +

A short time before Easter all AK men detained at the WRONKI prison were released. The man with the highest rank among them was a major who was serving a life sentence. Source does not remember his name, but knows that while in the Armija Krajowa he was the head of the KROSNO group.

The release procedure was most informal. An officer walked into their cells and called the roll, they were allowed to get their civilian clothes and then left the prison without any explanation being vouchsafed on their release.
