

X/15 RUSS

OLEG PENKOVSKY'S WORLD

F-43

MUNICH, 23 November 1965 (Communist Area Analysis Department:  
USSR - Fritz Ermarth)

CORRECTION TO F/116 of 22 November

The third paragraph, page 4, should read as follows:

"Thus, there are significant shortcomings in the Penkovsky Papers, in their form of presentation in their content. But they are not damning shortcomings. There is nothing to indicate that, on balance, they are not what they substantively purport to be, a kaleidoscopic image of Oleg Penkovsky's world as he saw it."

Correction is insertion of "NOT" in the third sentence.
