NEW SOVIET MILITARY INSTALLATIONS

While border incidents are increasing in number (50 between 16 July and 9 September 1951) fresh Soviet troops have arrived in the Yugoslav border region. Soviet military authorities have made arrangements for new military installations in CARANSEBES, ORSOVA, JIMBOLIA, TINISOARA and ARAD.

Civilians need special authorization to go within 20 kilometers of the border.

Rumors are widespread that an attack against Yugoslavia is imminent.
