INDUSTRY  
Mining

In Lower Silesia, an uranium mine near JELENIA GORA and a gold mine near SLOTORIA are operated exclusively by the Russians. Part of the workers are prisoners. The free laborers earn good wages; they are however, not allowed to contact the outside world, and cannot be released from this work.

DATE OF OBSERVATION: Current period

EVAL. COMMENT: Source : usually reliable;  
Information: possibly true, unconfirmed.

Persistent rumors about uranium mines in Silesia appear in the incoming news.

The news about a goldmine has to be qualified as: authenticity unknown.
