Currency Reform.

SOURCE MUNICH: No information available

DATE OF OBSERVATION: February 1952

+ + +

Rumors that Bulgaria shall follow the Rumanian example and introduce a monetary reform, are spread all over the country.

It has been reported that the new currency will be based on the ruble.

These rumors have confused the population, which rushed on the market to buy anything available and invest its last savings. Bedroom furniture now costs around 100,000 Leva.

EVAL. COMMENT: Rumors of a monetary reform have reached us several times lately.
