A New Road For The Communist Big Shots

SOURCE ROME: Information received from a foreign citizen recently expelled from Rumania

DATE OF OBSERVATION: November 1951.

* * *

A new road is being built between RAMNICUL VALCEA and the health resort BAILE OLANESTI, for the purpose of saving the Communist big shots the trouble of driving on the dusty lane to reach their villas. Of these villas those of PAUKER Ana and GHEORGHIU-DEJ are especially beautiful. The new and modern road is being built without payment and with "voluntary" work by the people living near by, often all through Sunday so that the workers are deprived even of their day of rest. The material for the construction of this road is being taken from the supplies meant for the repair of several muddy and miserable roads in the suburbs of RAMNICUL VALCEA.
